

STEVE  **ROWE**
THE LOVABLE TRICKSTER

Unforgettable Wedding Entertainment

“ We couldn't have asked for better,
Steve truly elevated our wedding day. ”

I love Weddings!!!

Hi, I'm Steve Rowe – a professional magician with a passion for creating unforgettable moments through magic.

Over the years, I've had the joy of performing at countless weddings across the UK and I can honestly say there's nothing quite like the atmosphere of a wedding day. From the buzz of anticipation before the ceremony to the laughter and love shared during the celebrations, weddings are filled with emotion, connection and a touch of wonder. It's the perfect setting for magic.

What I love most is how my magic brings people together. Whether it's breaking the ice between guests who've just met, adding a spark of fun to the Drinks Reception, or creating lasting memories during the Wedding Breakfast, my performances are always designed to enhance the joy of your special day—not steal the spotlight.

With a relaxed, modern style, plenty of charm and a few surprises!, I tailor every performance to fit your wedding perfectly. It's not just about the tricks – it's about helping you and your guests feel part of something truly magical.

Thank you for considering me to be a part of your big day. I'd be honoured to help make it even more unforgettable.

EQUITY

Drinks Reception £495

The Drinks Reception is the perfect time to introduce a little magic to the day and for that reason this period is the most popular. As guests mingle and you are whisked away for photos, I mix with everyone, performing close-up magic that breaks the ice and gets people smiling. It's a great way to keep the energy flowing and ensure no-one is left standing around with nothing to do. The reactions are real, the laughs are loud and the memories start building early.

I am with you for the **full duration of the Drinks Reception** meaning you can relax knowing all your guests are fully entertained.

“

A huge talking point of the reception and definitely a highlight. Steve made sure every single guest was highly entertained with fantastic tricks but not only that, none of us had ever seen them before! He's truly one of a kind! Steve had guests smiling, laughing and amazed from start to finish.

Amy Austin

”

Wedding Breakfast £545

During the Wedding Breakfast, I work table-side between courses, making sure everyone gets their own dose of magic without disrupting the flow of the meal or speeches.

Each table gets a mini performance filled with interactive magic and fun moments, creating a shared experience that guests talk about long after the last course is served. It's an ideal way to keep the atmosphere upbeat and connected while the formalities unfold.

I make sure your Top Table is also included offering **two special performances and leaving you with a very magical gift** to cherish for years to come.

“ Steve performed table magic at my son's wedding and he was absolutely amazing. Everyone was astounded at his incredible tricks and he kept everyone mesmerised while they were waiting to be served their food. Table after table were amazed. If you are considering booking a magician for your event Steve is a must! Thanks Steve x

Cheryl Green

Evening Reception £495

As the evening guests arrive and the party atmosphere builds, magic becomes a brilliant way to blend the two groups together. Whether it's mixing with guests who haven't met before or energising the room before the first dance, I bring a sense of wonder and fun that fits seamlessly into the celebration.

I am with you for **two hours of mix and mingle magic**, the **perfect pre-dance floor entertainment** that gets everyone talking, laughing and ready to party.

Steve was an absolute joy to have at our wedding - he had an uncanny ability to read the room and when he was performing, he was an instant hit with guests. Steve is charming and energetic in equal measure, above all else, his ability to entertain guests with his magic was highly impressive, a joy to watch.

Guy Dudley

Children at Weddings

While some couples choose not to have children at their wedding, most weddings will have at least a few younger guests.

My magic is all about creating unforgettable moments and bringing people together. I make sure EVERYONE, regardless of age, gets to experience something magical. As a parent myself, I understand children and while I'm not a traditional 'kids' entertainer (no puppets, balloons, or dancing here!), I do love to entertain them at weddings in a fun, age-appropriate way.

If you have **your own children at the wedding**, I offer something extra special just for them. Along with a magic wand, I'll give them a cool magic trick they can practice and later show off to family and friends.

This experience is especially fun for children ages 5-10, but I'm always happy to tailor it to suit their needs.

Combined Packages

For couples who want a touch of magic throughout the day, I offer combined packages that seamlessly cover multiple parts of your wedding – from the Drinks Reception and Wedding Breakfast right through to the evening celebrations. This ensures a consistent, memorable experience for your guests, with entertainment that adapts to the mood and flow of each part of the day.

Whether you want to keep the energy high between the formalities or create magical moments from start to finish, my combined packages offer the perfect balance of fun, flexibility and unforgettable reactions.

Any Two Periods £745

Choose TWO PERIODS from Drinks Reception, Wedding Breakfast or the Evening Reception.

All Day Magic £995

THE FULL MAGICAL EXPERIENCE! From the first glass of bubbly to the last dance, I'll be there to amaze, entertain and help make your big day truly unforgettable. This package is most suitable for larger weddings.

My exclusive 'Magic and Hosting' is also available from £1150, please call or email for further details. (limited to 6 weddings per year)
